The Southern Exposition

AT LOUISVILLE, KY.

View of the Main Building, 900x600 feet. Thirteen Acres Under One Roof.

WAS OPENED AUG. 1, 1883, BY CHESTER A. ARTHUR,

President of the United States.

AND WILL CONTINUE ONE HUNDRED DAYS.

The location is one of the most beautiful in the city, within ten minutes' walk of Broadway, and accessible by two lines of street-cars as well as steam railroads. Fifteen minutes by street-car from Main Street, or any hotel. Eighteen acres of beautiful pleasure-grounds, with grand old forest-trees, cool retreats, and shady walks. Twenty-five acres adjoining, occupied by the GREAT EXPOSITION BUILDINGS, and adorned with rich foliage and flower-beds, and numerous fountains. At night, hundreds of electric lights will illuminate the buildings and grounds.

Here will be presented evidence of the wonderful progress of the South. Her mineral and agricultural wealth can hardly be estimated. Favorable climate, rich soil, vast mines of coal and iron, virgin forest, and teeming rivers, ready to reward labor and capital. The Northern States will exhibit machinery, in operation, for the production and manipulation of Southern material, making altogether the most interesting exhibition of purely American resources ever held in this country. Every thing to attract the eye, gratify the taste, and improve the understanding.

INTRODUCTORY.

We respectfully present to the public a "Duplex Guide" to the city, novel in some of its features, and of great use to citizens and visitors. It contains a complete, classified and accurate business directory made from a thorough and general canvass of the city, together with a directory of householder's or housekeeper's names, arranged by streets and consecutive house numbers.

The names of the occupants of the stately mansions on our fashionable streets and avenues are given no less faithfully than are those occupying the most modest cottage of the artisans, or the humble denizens of the alleys.

Into whatever neighborhood the enterprising business man may desire to send his circular, he will find the names of those he wishes to reach. The candidate for office desiring to extend his acquaintance has before him the name of the occupant of every house in his ward, arranged from door to door, and the ever curious public can find out in a moment, who occupies that beautiful stone front, or the dingy looking tenement in the alley.

Business men visiting the city have before them, alphabetically classified, the names of all engaged in any particular business they may wish to patronize. Its value to them is beyond question, and they will find one hundred copies of this really useful Guide fastened in convenient places throughout the Great Southern Exposition, and placed there for their convenience, and for the convenience of all who may wish to consult its pages.

THE PUBLISHERS.

BRADSTREET'S Invite an inspection of their work and a test of their ability to serve all who need a Mercantile Agency, Bradstreets lead in every new feature and improvement. JNO. S. DOVEY, Supt.

House, corner Third and Green, is a very handsome stone structure, in the Anglo-Norman style of architecture. The lower floor is used for the Post Office, and the remainder of the building for the various United States offices.

POST OFFICE DEPARTMENT.

The Post Office is in the Custom House, corner of Third and Green. Virginia C. Thompson, P. M.; E. S. Tuley, Assistant Postmaster.

THE NEW POST OFFICE LAW.

On and after October 1, 1883, letter postage will be two cents for each half ounce or fractional part thereof between all points in the United States. The rate will then be the same on drop letters and all others. No changes have been made in rates on other classes of matter.

On and after the 1st of July, 1883, you can obtain at any money-order office postal notes in sums of \$5 and under by paying a fee of three cents. These postal notes will be made payable to bearer without corresponding advices. They will be made payable at any money-order office within three months of the date of issue. After the lapse of that time the holder can obtain the par value only by applying to the postoffice department at Washington.

On and after the 1st of July, 1883, you can obtain a postal money order for as large a sum as \$100. The present limit is \$50. The fees on and after that date for orders will be as follows:

Not exceeding \$10, 8 cents.

From \$10 to \$15, 10 cents.

From 15 to 30, 15 cents.

From 30 to 40, 20 cents.

From 40 to 50, 25 cents.

From 50 to 60, 30 cents.

From 60 to 70, 35 cents.

From 70 to 80, 40 cents.

From 80 to 100, 45 cents.

The postal notes will, no doubt, be found more convenient in one

respect than the fractional paper currency was, since they can be obtained for any number of cents under \$5. There will also be less liability to loss by theft than there was when fractional notes were used for transmission through the mails, especially if the department uses judgment in prescribing the size and form of the notes and in selecting the paper on which they are to be printed. On the other hand, they will be less convenient in that they can only be obtained at money-order offices at a considerable sacrifice of time, especially in large cities. It will be observed that after the 1st of October the cost of sending any sum under \$5 note postal will be two cent postage and three cents fee.

SURVEYOR OF CUSTOMS.

Rooms 6 and 8. Office hours, from 9 A. to 3 P. M. J. K. Faulkner, Surveyor of Customs.

NORTHWEST!

4 SOLID FIRST-CLASS TRAINS 4 —TO— INDIANAPOLIS.

Leave Louisville - - - - -	6.00 a m	8.05 a m	1.50 p m	7.30 p m
Arrive Indianapolis - - - - -	10.00 a m	11.15 a m	5.50 p m	10.45 p m

One Hour and Five Minutes Quicker Time than is made by the fastest train of rival lines.

2 SOLID FIRST-CLASS TRAINS 2 LOUISVILLE to CHICAGO.

Leave Louisville, - - - - -	8.05 a m	7.30 p m
Arrive Chicago, - - - - -	6.00 p m	7.10 a m

Two Hours Better Time than is made by any competing line.

The J., M. & I. is the Short Line to Indianapolis, Chicago, and points in the Northwest, and the time made by its trains is beyond the competition of rival roads. Its cars are of the Eastlake pattern, and for models of beauty, elegance and comfort can not be surpassed.

Parlor Cars are attached to day trains which run through to Indianapolis and Chicago; and Palace Sleeping Cars on night trains to both St. Louis and Chicago without change.

IT SHOULD BE REMEMBERED

The J., M. & I. is one of the first-class roads of America, is not in the hands of a Receiver, or on the market for speculative purposes, but is owned and operated by the Pennsylvania Company. Its earnings are expended to attain the highest standard of perfection and the road is run to accommodate the public.

Persons desiring to reach any point North, East or West, before making any arrangement for transportation, should consult with an Agent of the J., M. & I., who will give information that will enable them to save time, which is money.

LOCATION OF TICKET OFFICES:

LOUISVILLE. Southwest Corner Third and Main Streets; J., M. & I. Bridge Station, Northeast Corner Fourteenth and Main Streets.

JEFFERSONVILLE. Corner Ninth and Spring Streets.

NEW ALBANY. Foot of State Street.

Ticket Agents throughout the South are supplied with tickets to all points reached by the J., M. & I., and will furnish them at as low rates as tickets can be purchased by inferior and round about lines.

COURIER-JOURNAL DUPLEX GUIDE TO LOUISVILLE

S. D. SMITH, Manager.

VOLUME I.

ARRANGED BY STREETS AND NUMBERS, WITH NAME
 OF OCCUPANT.

The following terse explanation of the plan on which the City is numbered, is by permission copied from Caron's Directory.

For convenience of numbering the streets of the city, all streets running east and west and intersected by First Street are divided into east and west sections. To illustrate, all that portion of Main lying west of First is called West Main, and all that portion of Main lying east of First is called East Main—one hundred numbers, by ordinance, being allotted to each square. To illustrate, the number 835 West Main will be eight squares west of First, or between Eighth and Ninth; the number 835 East Main will be eight squares east of First, or between Shelby and Campbell. First Street is thus made the base-line from which all streets intersecting or radiating from it commence their numbers. The other base-line, from which all streets running south commence their numbers, is the Ohio River. To illustrate, 835 Fourth Street will be eight squares from the Ohio River, or between Broadway and York.

On streets running south from the Ohio River, the odd numbers are placed on the east side of the street, and the even numbers on the west side, and on streets running east and west, the odd numbers are placed on the north side of the street, and the even numbers on the south side.

Chartered by the Legislature of Kentucky with full Collegiate Powers.

HOLYOKE ACADEMY,

A Select Boarding and Day School for Young Ladies.

ATTRACTIVE SCHOOL HOME.

We have a handsome building, delightfully located in the center of the most beautiful portion of the city, surrounded by palatial residences with extensive grounds and abundant shade trees; the air is as pleasant and pure as in the country.

The mansion secured for the school was planned for a commodious private dwelling with all the modern conveniences, and with its large saloon parlors, airy halls and chambers, is admirably adapted for a select boarding school. All of our rooms are handsomely carpeted and furnished; and all the appointments and surroundings are in keeping with the general design of making this one of the most efficient and thoroughly excellent institutions in the West.

The number of boarding pupils being limited, we are enabled to offer the attractive feature of social intercourse under the guidance of the teachers.

The expenses of an elegant city home, first-class assistant teachers, prominent lecturers and other advantages of a school of this character, place it beyond our power to compete in prices with country and village schools. But we have made our terms as moderate as possible and claim that the additional advantages offered more than compensate for the difference in price.

The Seventeenth Annual Session Begins Sept. 12, 1883, Closes June 7, 1884.

[From Rev. John A. Broadus, D. D., LL. D., Professor Theological Seminary.]

I have known Col. W. W. Fontaine since he was a student at the University of Virginia. He is every inch a gentleman, an excellent scholar, and an experienced teacher. His wife is well educated and remarkable for force of character combined with affectionate kindness.

Altogether I think well of the school and expect to continue sending to it.

LOUISVILLE, June 23, 1881.

JOHN A. BROADUS.

CARON STONE COMPANY

C. K. CARON, Manager.

Office, 358 Fourth Avenue, - - LOUISVILLE, KY.

~* PRODUCERS OF THE ~*

Caron Hone & Lithograph Stone

MARBLE WORKERS, MANUFACTURING JEWELERS, CURRIERS AND
DRESSERS OF MOROCCO LEATHER,

And other trades using the "Scotch Grey Stone," can be supplied with the CARON HONE, which is a superior and finer Hone, and at much less cost. The following testimonials are submitted:

C. K. CARON, Manager, Louisville, Ky.,

We have thoroughly tested the "Caron Hone" in our factory, and find it UNEQUALLED in its qualities for finishing Silverware, &c. We cheerfully recommend it to the trade.

Office of DUHME & CO.,
CINCINNATI, OHIO, January 28th, 1882.

Yours truly,

DUHME & CO.

C. K. CARON, Louisville, Ky.,

DEAR SIR:—We have thoroughly tested the hone we had from you, as sample, and the latter shipment of a car load, and find it to fully come up to our expectations for marble-work. It works rapidly, leaves a good surface and lasts well. Trusting you may be in good shape for filling future orders, we are
Yours very truly,

BURLINGTON, VT., September 22, 1882.

MONITOR AND ALLIGATOR COAL
STOVES AND ODD STOVE
PLATES.

Dealer in Coal Oil Stoves,

Nos. 846 and 848

S. S. Main St., bet. Shelby and Campbell,
LOUISVILLE, KY.

WHY IS THE MONITOR OIL STOVE THE BEST?

Because the Oil Reservoir is back of Stove, elevated.

By this arrangement we secure absolute safety. No gas can generate under the fire. Wicks do not char, save constant trimming, and will last a year; economy, saving 50 per cent. in the consumption of oil.

The double stove will do the cooking for ten people satisfactorily. The expense of fuel half as much as a wood or coal fire, and will save one third of a lady's work.

No. 326 Market St., bet. Third and Fourth, Louisville, Ky.

WM. RITCHER & CO., General Agents.

AGENTS WANTED IN EVERY TOWN.

Methodist Mutual Aid Association, of Louisville, Ky.

OFFICE—McDOWELL BLOCK, FOURTH AVE. AND GREEN ST.

Limit of Benefits, \$3,000. One half before death, if totally disabled; balance at death, or all at death.

W. B. HOKE, President; SANFORD KEITH, Vice President; G. W. RONALD, Medical Director; WM. B. ROGERS, Treasurer; F. G. BRODIE, Secretary and General Agent.

The Methodist Mutual Aid Association was chartered by the Legislature of Kentucky, March 24th, 1880, and charter amended April, 1882. It provides that the Directors shall be Church-members, which is some guarantee that they are men of integrity. Its members may belong to the Church or not; the only requirement being that the applicants are between the ages of 18 and 55, sound in mind and body, and not dissipated.

The objects of the Association are: To provide a Beneficiary Fund from which the families of members are paid not exceeding \$3,000 at death of the member, or one half of the amount in case of total disability; which amount can not be reached by process of law or claims of creditors; so that the family is sure to receive the benefit.

RATES.—\$6.00 admission fee, \$1.00 semi-annual dues, and assessments according to age. It is within the reach of poor and rich. The latter may die, or be disabled, when possessed of lands, without ready money. The M. M. A. A. supplies both classes at minimum rates. *Females and males are received upon precisely the same terms.*

Send for Charter and By-Laws. Say you saw this in the Courier-Journal Duplex Guide. Agents wanted. Address **F. G. BRODIE, Sec. and Gen'l Agent.**

THE IMPROVED
Campbell Country Press.

—❧— **FACTS.** —❧—

Over One Thousand Eight Hundred (1,800) in Use.

Of all the Country Newspapers in the United States, printed on Cylinder Presses, **OVER ONE-HALF** are printed on the **CAMPBELL COUNTRY PRESS**.

Let any Publisher of a Country Newspaper select a number of his best printed "exchanges," and upon investigation, a very large majority of them will be found to have been printed on a "COUNTRY" **CAMPBELL**.

It is the simplest, easiest handled and easiest running press built.

The best guarantee of our claims for this press is the satisfaction which they have always given, and the **INCREASED DEMAND** for them, which has compelled us recently to enlarge our facilities for their manufacture.

Parties intending to purchase cylinder presses should not fail to correspond with us. Address all inquiries to

A GOOD COMPARISON.

The Rev. William Roulatt, a well-known Methodist clergyman, residing at Naples, draws the following amusing, but apt comparison between DR. C. McLANE'S VERMIFUGE, prepared by Fleming Bros., of Pittsburgh, Pa., and a ferret:

"A ferret when placed at the entrance of a rat hole, enters the aperture, travels along the passage, seizes upon the rat, exterminates his existence and draws the animal's defunct carcass to the light. And in like manner have I found DR. C. McLANE'S VERMIFUGE to operate upon worms, those dreadful and dangerous tormentors of children. This remedy, like the ferret, enters the aperture of the mouth, travels down the gullet, hunts around the stomach and lays hold of the worms, shakes the life out of the reptiles, sweeps clean their den, and carries their carcasses clear out of the system. This, at least, has been the effect of the Vermifuge upon my children."

THE ONLY GENUINE

McLane's Vermifuge,

Is the Dr. C. McLane's Vermifuge,

Prepared by FLEMING BROS., Pittsburgh, Pa.

THE LOUISVILLE COURIER-JOURNAL.

THE GREAT

Representative Southern Newspaper.

THE LOUISVILLE COURIER-JOURNAL is a newspaper in the fullest acceptance of the term. It has a wider and more creative influence, is more generally circulated and read, and more quoted from than any other Southern paper. It has the finest and

LARGEST PRINTING HOUSE IN THE WORLD,

And Material, Machinery and Presses, which, for completeness, speed and capacity, are equal to the best in any city in the United States, the building and its equipment having cost nearly *Half a Million Dollars*.

THE COURIER-JOURNAL is the only paper in Louisville that publishes the full and complete dispatches of the Western Associated Press. All of its various departments are under the direction of the most efficient and competent heads, and for value and completeness it seeks comparison with the wealthiest Metropolitan Journals.

THE COURIER-JOURNAL is printed every day of the year. Daily paper, \$12.00 a year; Sunday paper, \$2.00 a year; Weekly paper, \$1.50 a year, and as low as \$1.10 to Clubs and Agents.

ADVERTISING—12½c., 15c., 20c., 30c., 40c., 50c., 75c., and \$1.00 per line, according to character and location.

OFFICE, Fourth Avenue, Southeast Corner Green.

COURIER-JOURNAL COMPANY.
